# The Problem: The Daily Struggle

Many dialysis patients and families face daily struggles related to price transparency, machine availability, and travel distances for treatment.

### Price Transparency

Clear cost information with no hidden charges is essential.

### Machine Availability

Easily finding available dialysis machines is crucial.

### Distances

Patients need not travel far for treatment.

## OUR SOLUTION

# FYT: Find your Treatment

## Revolutionising Dialysis Access in India

FYT is set to transform dialysis access. It addresses critical issues faced by patients. These include price transparency and machine availability. FYT will reduce long distances to travel for treatment. It will provide unbiased and reliable hospital information.

# Introducing FYT: Dialysis Solution

FYT is a comprehensive app. It is designed for dialysis solutions. It lists hospitals with dialysis machines. It provides distance from the user and ratings. Price and waiting time are also listed.
